

Ramco Industries Limited

Ramco Industries Limited is committed towards continual improvement in quality products, protection and preservation of environment, conservation of natural resources and health & safety at the workplace.

QUALITY POLICY

We are committed to manufacturing and supplying quality building products and services that delight our customer through superior performance and cost effectiveness. It is our endeavour to ensure continual improvement in all our activities through "Total Quality Management" principles, which will form the guiding philosophy for all our employees in achieving consistent organizational growth. We will strive to manufacture products that comply to all applicable standards.

HEALTH, SAFETY AND ENVIRONMENTAL POLICY

- Manufacturing and selling products that are safe for use
- Protecting the environment, preventing pollution and reducing waste in all our operations and activities
- Conserving key resources such as materials, water and energy
- Promoting programs and measures to ensure safety and health at the workplace
- Complying with relevant health, safety and environmental legislation and regulations and with other requirements to which our company subscribes to
- Encouraging the use of the environmental management system by our suppliers and contractors
- Using continuous improvement as a tool in all our activities

This policy is documented, implemented, maintained and communicated to all employees and interested parties.
